"There is only one religion; the religion of Love." Sathya Sai Baba

Sathya Sai Baba is a highly revered spiritual leader, world teacher, and humanitarian. His timeless and universal teachings, along with the manner in which he led his own life, are attracting seekers of Truth from all the religions of the world.

Yet, he does not seek to start a new religion, nor does he wish to direct followers to any particular religion. Rather, he urges us to continue to follow the religion of our choice and/or upbringing. Millions of people across the world have been inspired to turn Godward and to lead more purposeful and moral lives.

Here is an opportunity to know about Sathya Sai Baba's Life, Mission & Organization.

“I have come to light the lamp of Love in your hearts, to see that it shines day by day with added luster.

I have not come on behalf of any exclusive religion. I have not come on a mission of publicity for a sect or creed or cause, nor have I come to collect followers for a doctrine. I have no plan to attract disciples or devotees into my fold or any fold.

I have come to tell you of this unitary faith, this spiritual principle, this path of Love, this virtue of Love, this duty of Love, this obligation of Love.”

4 July 1968, Baba

the golden era of pure love

Sri Sathya Sai Baba

The life and message of Sathya Sai Baba, revered humanitarian, spiritual teacher and world leader, continues to inspire millions throughout the world to lead lives of compassion, service, and shining character.

His timeless and universal teachings have attracted spiritual seekers from every country, race, and religion. As a leader, his mission was to serve the helpless and poorest of the poor; as a teacher his love and compassion were boundless. He did not seek to establish a new faith, but in fact brought humanity together under the principles of Brotherhood of Man and Fatherhood of God.

Sathya Sai Baba was born on the 23rd of November, 1926, to a humble family in Puttaparthi, Andhra Pradesh, India. At the age of 14, he declared His mission: the transformation of mankind, so that they could realise their innate Divinity, with a focus on nurturing and caring for the most underprivileged in society. It is this pure love that is the distinguishing feature of Baba's projects and institutions.

The Sri Sathya Sai Organisation, started by Baba over 60 years ago, stands for service with love, charity without publicity, and help without distinction. As Baba himself did, all service projects undertaken have only one aim: serving the one divinity within all of us.

MEDICARE

Rooted in Baba's teaching of 'Help Ever, Hurt Never', the Sathya Sai Healthcare System is propelled by the currency of unconditional love—and is run completely free of charge to patients.

Till date, the two Super Specialty Hospitals that Baba began in Puttaparthi and Bangalore have served over 3 million rural and needy patients, with ultra-modern technologies and infrastructure in specialised areas including cardiology, neurology, and ophthalmology. In the United States, Health Care is a serious problem in this great country, the USA, where one sees extremes of the best technology and medical facilities in the world alongside those who have no access or very limited access to that healthcare system. Many people, particularly the downtrodden such as the homeless, feel anxious and unsure in the medical environment. They are often given the "run around" and are directed from one area to the other without proper explanation, guidance or concern.

Service activities in the Sai organization are done as an offering to God and are therefore to be done with utmost humility. The purpose of doing service in Sai organization, Sai Baba says, is to remove one's ego. It is not so much as how big or small the activity is nor is it about the number of activities.

The model for this free Sathya Sai Medical Camp for the homeless was to put into practice Swami's directive to give the best of the best to the poorest of the poor. Our goal was to give personal, special care above and beyond what is given in the best hospitals in the country.

"Service to man is service to God." Baba

EDUCARE

The schools and universities started by Baba were a result of his belief that education is actually 'educare', or the process of drawing out what is already latent in an individual: the core and eternal human values.

He declared that, "The end of Education is Character," creating a transformed education system that furnishes children with both character excellence and academic distinction. Sathya Sai Schools flourish on a philosophy of Education in Human Values, and focus on developing strong character in children. In addition to ongoing training programs for parents and educators, the Sathya Sai Organisation runs multiple Education in Human Values in multiple schools across the country.
